

## **MetaEdit+<sup>®</sup> Service Descriptions and Pricing**

---

*Service*

*Price*

### **MetaEdit+ Maintenance Program**

---

*MetaEdit+ Maintenance Program* is a comprehensive maintenance and support service for MetaEdit+<sup>®</sup> software. The service includes access to all minor and major upgrades as well as full e-mail, fax, and phone support.

### **MetaEdit+ Proof-of-Concept Workshop 3000 €**

---

This 2-day on-site workshop assists organizations in determining suitability for DSM with MetaEdit+ by jointly creating a working modeling language and generator for a portion of their domain. Preparation work, as well as full analysis and reporting of workshop results, are included.

### **MetaEdit+ Modeler User Training 4000 €**

---

Designed to meet the needs of organizations new to DSM, this 2-day program assists users in getting started with MetaEdit+<sup>®</sup> Modeler.

### **MetaEdit+ Workbench User Training 2000 €**

---

This on-site intensive 1-day program is designed for MetaEdit+ Workbench users and covers language and code generator development. Advanced concepts and techniques are also explored along with client specific topics.

### **Custom Training / Consulting QUOTE**

---

A wide range of custom training and consulting services are available. Please contact MetaCase to discuss your organization's needs.

### **Turnkey Development Services QUOTE**

---

MetaCase can implement a complete turnkey DSM solution capable of generating full production code based on your organization's requirements. Please contact MetaCase to discuss your organization's needs.
